

### ILP ASSESSMENT – 2021

#### Outcomes:

*A student:*

1. Develops a higher-order question to investigate a concept.
2. Demonstrates critical and creative thinking skills in the design of an independent project.
3. Demonstrates consistent effort and progress in the management of an independent project.
4. Displays evidence of critical and creative thinking skill development in the progress of an independent project.
5. Displays evidence of ongoing evaluation and modification of project design to achieve the intended outcome.
6. Produces a product that provides a solution to a student-developed question.
7. Evaluates the effectiveness of the process and the success of the final product in meeting the intended purposes.
