
HOW CAN SURREALIST ART INFLUENCE THE PUBLIC TO BE MORE AWARE OF THEIR RECYCLING HABITS AND HOW THEY CAN AFFECT THE WORLD'S OCEANS AND MARINE LIFE?

Discover

- Research marine life that are affected by plastics
- Research how these animals are affected
- Research the damage and state of the ocean currently
- Research different art styles/genres
- Discover artists of similar styles
- Painting and sculpture techniques

Create

- Sculpt selected sea animal or idea preferably out of recycled plastics
- Sketch and paint a large canvas of a surrealistic picture: human body with pelican head strangled by plastics

Share

- Target Market: Anyone who enjoys art and is interested in marine conservation
- Possibly enter into an art competition or exhibition to gain awareness and audience
